

How green can you be this Christmas?

Could you reuse...

Toys and books

Choose pre-loved items from charity shops
(and you can donate unwanted presents to them as well)

Clothes and fashion

Buy pre-loved vintage for that trendy retro look
Swap don't shop...
...or hire an outfit for those special occasions (when current restrictions permit that is!)

Veg peelings

Composting is great for the garden and uses up those fruit and sprout peelings, you can even add torn-up cardboard

Christmas cards

Use last years cards to make gift tags for this years gifts
